

## MP 250 Electric Industrial Tow Tug

**MP 250** MODEL 36V

Often imitated but never equaled.

It's no surprise the competition envies our original design. This agile and versatile personnel carrier has it all: A narrow deck, four wheels for greater stability on rough terrain, powerful motor, rugged automotive differential and larger self-adjusting drum brakes, high-strength tubular frame, all-steel body, bolt-on front bumper and side bar protection, easy-to-access under-seat battery compartment... The list keeps going. It can also pull up to 6,000 lbs., making it a great tow tractor.
